Just and FYI my mother is getting unsolicited emails from James / OMG, since she was obviously on the PV mailing list. She did not sign up for the OMG mailings. Probably took the house list.

Hey there,

I know you've been a supporter of my work in the last year.

My newsroom, OMG has JUST published a new bombshell story featuring a U.S. legislative body, this time the office of Senator John Fetterman (D-Pennsylvania).

The story features Special Assistant Luke Borwegan who is not only the primary aid to the Senator, but is also tasked with holding the iPad for his

reading abilities and according to Borwegan is the one who has to follow him around at all times.

"He'd be okay with, like, overturning the Second Amendment."

And when selecting certain journalists to do a story with, they pick "the ones (journalists who)....will just say exactly what you f\*\*\*ing want them to".

He even refers to some journalists as "puppets" because they "go along with our narrative."

Also, I confronted Fetterman, and he bobs and weaves in the street like a John Madden infomercial! Keep in mind, there are lot of citizen reporters we're working with to copycat what this brave young woman did! Stay tuned!
